

EI - ENTREPRENEURSHIP AND INNOVATION

EI 1000 Entrepreneurial Explorations Cr. 1

Seminar series designed to expose students to entrepreneurship and innovation through exercises and interaction with experienced entrepreneurs and innovators. Offered Every Term.

EI 5000 Introduction to Entrepreneurship and Innovation Cr. 3

Introduces the integrative new venture development framework, processes and tools applied throughout the program, and explores opportunities, resources available and the local entrepreneurial ecosystem. You will work with a team of peers over the course of the term to apply core concepts around the entrepreneurial mindset, business model creation, customer validation, marketing, and delivering a pitch. This class provides an experiential and hands-on experiment in entrepreneurship that pushes students beyond the theoretical and intellectualization of starting a business. No credit after MGT 5650. Offered Every Term.

Restriction(s): Enrollment is limited to Undergraduate level students.

EI 5400 Management and Leadership for Entrepreneurs Cr. 3

Topics include: the essential attributes of a successful entrepreneur and innovation; development of effective networks and personal relationships; working with and blending the strengths and talents of others, group and team dynamics; effective leadership and management; the everyday challenges of creating, owning and running a new venture, and exploring the differences which arise due to the type and size of the new venture. Offered Yearly.

Restriction(s): Enrollment is limited to Undergraduate level students.

EI 5900 Special Topics in Entrepreneurship and Innovation Cr. 3

Topics to be announced in the schedule of classes. Offered Yearly.

Restriction(s): Enrollment is limited to Undergraduate level students.

Repeatable for 6 Credits
