

DIETETICS (M.S.)

Admissions Requirements

Admission to this program is contingent upon admission to the Graduate School (<http://bulletins.wayne.edu/graduate/general-information/admission/>) and a separate application to the Coordinated Program in Dietetics. Successful applicants shall have a minimum grade point average of 3.3. Undergraduate preparation must include required courses as follows: introductory and organic chemistry, anatomy and physiology, microbiology, human nutrition, food science, macro- and micronutrient metabolism, psychology, statistics, and introduction to management (all must be within a five-year recency of application). The Graduate Record Examination is recommended.

Program Requirements

The Master of Science in Dietetics requires 34 credits of coursework.

Required competencies must be achieved upon program completion as mandated by the Accreditation Council for Education in Nutrition and Dietetics (ACEND); therefore, coursework is based on fulfilling those competencies and the program curriculum is set and sequential, with no elective courses offered. All coursework must be completed in accordance with the regulations of the Graduate School (<http://bulletins.wayne.edu/graduate/general-information/academic-regulations/>) and the College of Liberal Arts and Sciences (<http://bulletins.wayne.edu/graduate/college-liberal-arts-sciences/academic-regulations/>).
