

COMMUNITY HEALTH MINOR

The College of Education offers a minor in Community Health (CH) Education for undergraduate students majoring in other disciplines. The minor provides an excellent opportunity for students to broaden their knowledge of the social and behavioral aspects of health promotion and policy. In addition, the program enhances career prospects and establishes a solid base for pursuing a Master of Education in Health Education. To be eligible to apply for the CH Minor, students must have a minimum cumulative grade point average of 2.75.

The Community Health Minor consists of six courses, totaling eighteen credit hours. All coursework must be completed in accordance with the academic procedures of the College of Education (<http://bulletins.wayne.edu/undergraduate/college-education/academic-regulations/>) and the University (<http://bulletins.wayne.edu/undergraduate/general-information/>) governing undergraduate scholarship and degrees. All major, minor, and education courses, must be completed with grades of 'C' or better and an overall 2.0 grade point average, to meet College graduation requirements.

Code	Title	Credits
Required Courses
